Data Collection Calendars

2022-2023
Academic Year

1. Overview

The Maryland Longitudinal Data System (MLDS) Center collects submissions from each of its partner agencies throughout the academic year. This document provides a comprehensive timeline of the files submitted to the MLDS Center by partner agencies and an accountability process if files are not received within the approved calendar. MLDS Center partner agencies include:

- Maryland State Department of Education (MSDE)
- Maryland Higher Education Commission (MHEC)
- Maryland Department of Labor (Labor);
- Maryland Department of Juvenile Services (DJS);
- Department of Human Services (DHS); and
- Maryland Department of Motor Vehicles (MVA).

The calendar is revised annually through the Data Governance Advisory Board (Data GAB), to allow partner agencies to align the Calendar to their unique needs.

The MLDS Center staff appreciates the continued collaboration of staff at all our partner agencies and the Data Governance Advisory Board members.

2. Data Calendar Steps

Each submission in the Data Collection Calendar includes a number of steps that are part of the entire process. Each of those steps and the approximate time for completion of that step are detailed below. The specified time periods may be adjusted to accommodate agency needs and priorities.

1. Agency Data Verification Complete

Each agency has a collection and verification process that must be completed by the date established for this step. This date is set by the individual agencies, and is used as a benchmark to set the dates for subsequent steps.

2. Data Received

The date all data are submitted to the Center. Agencies will provide data within 2 weeks after the Agency Data Verification Complete due date. For example, if the data verification complete due date was September 1, 2022 then the data would need to be submitted to the MLDS Center no later than September 15, 2022.

3. Data Loading and Comment Period

This step represents the entire collection window for partner agencies to provide data to the Center. As files are submitted, the Center provides comments to the agency on data issues. This may include identity matching issues, data verification concerns, general checks of the data as it is loaded into the System, and Data Inquiry form submissions. This period allows the Center to work with the agency on data related issues. This period lasts approximately 60 days.

4. Completion Date

The date all data are loaded into the system.

Note: If an issue is identified after the Completion Date, the MLDS Center will work with an agency to discuss the situation and, if necessary, come to an agreement on a timeline for resubmission.

3. Accountability Process

Detailed below is the process implemented when files are not received within the timeline established in the Data Collection Calendar. The goal of this accountability process is to inform all data sharing partners of the process and create a uniform policy for handling late data submissions. This process was developed in partnership with MLDS Center partner agencies through the Data Governance Advisory Board.

1. Reminder Emails Scheduled

Two weeks prior to the established due date, MLDS Center Staff will send an email reminder about the upcoming data due date to the Data Owner, Data Steward, and/or Data Custodians at the partner agency.

2. Phone Call

One week after the established due date, MLDS Center will contact the Data Owner, Data Steward, and/or Data Custodians at the partner agency.

3. Email

Two weeks after the established due date, MLDS Center will contact the Data Owner, Data Steward, and/or Data Custodians at the partner agency.

4. Email of Notification to Agency Head

Three weeks after the established deadline, MLDS Center Staff will inform the Data Owner, Data Steward, and/or Data Custodians at the partner agency that a letter will be sent to the agency head of the partner agency.

5. Notification to Agency Head

Four weeks after the established deadline, a letter from MLDS Center Executive Director will be sent to the agency head of the partner agency. The letter will include dates from the established Data Collection Calendar, and a summary of steps 1-3.

6. Notification to Governing Board

After the completion of step 4, the Governing Board will be notified in the next Monthly Report to the Governing Board.

Request for Extension

In recognition of the many demands and competing priorities of the partner agencies, the MLDS Center will work with agencies to establish an extension of the deadline to submit the required files. Once a new deadline has been established, the above notification process will be halted. If the extended deadline is not met, the notification process begins with Step 4. Except in cases of extreme hardship, deadlines will not be extended beyond two weeks.

4. Collections in Development

MLDS Center partner agencies continuously review the data they collect to ensure the needs of the agencies are met. The cycle from implementation to collection is long and varied. As part of the collection development cycle, MLDS Center partner agencies will include information on the “Collections Under Development” in their Data Collection Calendars. This ensures that stakeholders are aware of the data that will be provided to the MLDS Center, without placing unreasonable restraints on our partner agencies to deliver data that may not meet the agency’s data quality standards.
